

Liberty County Public Transportation System

Passenger Guide

The Liberty County Public Transportation System was initiated to benefit the citizens of Liberty County without regard to age, disability, sex, religion or race. It provides transportation for those individuals in the community and outside area, who otherwise would not be able to get around and/or out of town for medical or various needs. The transportation system plays a vital service to the citizens of Liberty County by transporting residents to medical appointments in and out of town, to other forms of transportation, to work, and then to other activities.

Passenger Code of Conduct

To maintain a safe and comfortable environment for our passengers, the following conduct will be observed by passengers riding the Liberty County Transportation System.

- Cooperate with requests from Liberty County Transportation System.
- Be considerate.
- Respect the privacy of others.

Refrain from behavior that intrudes on the welfare of others including, but not limited to:

- Interfering with the safe operation of any Liberty County Transportation vehicle.
- Directing the drivers on how to operate the vehicle.
- Endangering or threatening the welfare of others.
- Refusing to wear a seatbelt.
- Bringing onto transit property, odors and substances which unreasonably disturb others or interfere with their use of the transit system, whether such odors or substances are from one's person, clothes, articles, accompanying animal or any other source.
- Demanding the drivers provide you extra services – i.e. going into your garage to get your wheelchair, going into the store to pick you up, demanding the driver take you home first even if other passengers were on the van before you, unlocking your house door, etc.

Personal Care Attendants

If you need the assistance of another person in order to complete your trip or its purpose, you may take a Personal Care Attendant with you. If we determine you are not capable of using the service independently from trip reports, you will be asked to have a personal care attendant. An attendant or family member must accompany a passenger that requires more assistance than riding on the lift or being pushed to the door in a wheelchair.

For safety reasons, Liberty County Transit staff may request that passengers be accompanied by a personal care attendant.

Refusing Transportation

Employees have the right to refuse service to anyone that has medical needs beyond the employee's capability. Also, passengers who are intoxicated, conduct themselves in a manner objectionable to other passengers (uses profane language, spits, etc.) or for other disorderly conduct that may be offensive, cause discomfort to other passengers, or any other reason that might harm or make it unsafe for the passengers, may be refused service.

Emergency Room Requests

Passengers calling for rides to the emergency room will be informed that they must call 911 for assistance. Under no circumstances should the employee transport any riders who require emergency attention.

Procedures for scheduling rides

Reservations are to be made at the Liberty County Transportation Office. When a person calls in he/she may be asked if they will require assistance in any way. This way, the dispatcher will know whether or not the transportation assistant is needed for the trip. To help serve you better, we ask that you observe the following four (4) tips:

1. Prepare for your call.
2. All rides need to be scheduled with the Transit Office. It is not the driver's responsibility to remember your reservation.
